Approved: _____

After two semesters of acceptable performance at the University of Arkansas following the imposition of an academic integrity penalty, with no student conduct or academic dishonesty infractions, the undergraduate student may request grade forgiveness by petition to Academic Initiatives and Integrity, for a first offense of any Level One or Level Two violation, or a second offense of a Level One Violation.

Note: This petition is only required for courses in which a student was found responsible for an academic integrity violation. If approved, you will still be required to apply for grade forgiveness through the Office of the Registrar (registrar.uark.edu). Grade forgiveness applies to undergraduate students only. For “XF” sanctions, applying for grade forgiveness will not remove the “X” from your transcript. For information regarding how to petition to have the “X” removed from your transcript, please contact honesty@uark.edu.
